"I'll say it's SCENIC TRAVEL!"

To a boy on leave, home's the most beautiful place on earth

Young fellow with the service ribbons and the ditty-bag full of trinkets from Tripoli... you've earned your leave! Carrying you home is the most heart-warming of Greyhound's many wartime jobs.

But it's only a small fraction of Greyhound's present-day service to America. This same boy in navy-blue took his first trip to examination center by bus...his dad takes the bus every day to the bomber plant...his sister rides Greyhound to the school she teaches. *More people go by bus direct to war plants, military camps, shipyards, air fields, navy bases, farm centers than by any other public transportation.*

Teachers and all others who travel this year can greatly aid transportation by planning their trips *before* or *after* the mid-summer rush—by going on mid-week days—by taking as little baggage as possible. *This way you'll help Greyhound to help America.*

NATIONAL ASSOCIATION of TEACHER'S AGENCIES
Nation-wide Assistance To Administrators

NO TEACHER interested in professional advancement should overlook the importance of placement service rendered by *private agencies.* For nearly one hundred years they have played a great part in supplying schools with well-trained, qualified teachers.

ALL members believe that the head of the WMC was right when he said, "It is the patriotic duty of teachers to continue teaching, despite the lure of service on other fronts and despite the lure of higher wages."

TEACHERS are urged to use their influence with capable youth to enter the teaching profession and to secure the return of good teachers so as to maintain schools at the best possible level.

ADMINISTRATORS are assured of our approval in their efforts to raise salaries, revise curricula, and better conditions so as to retain good teachers.
